DECLARATION

<Times New Roman, font size 14>

We hereby declare that the work presented in this report entitled "**PROJECT REPORT TITLE**", was carried out by us at Department of Computer Science & Engineering, Noida Institute of Engineering and Technology (an Autonomous Institute) affiliated to Dr. A.P.J. Abdul Kalam Technical University, Lucknow. We have not submitted the matter embodied in this report for the award of any other degree or diploma of any other University or Institute. We have given due credit to the original authors/sources for all the words, ideas, diagrams, graphics, computer programs, experiments, results, that are not my original contribution. We have used quotation marks to identify verbatim sentences and given credit to the original authors/sources.

We affirm that no portion of our work is plagiarized, and the experiments and results reported in the report are not manipulated. In the event of a complaint of plagiarism and the manipulation of the experiments and results, we shall be fully responsible and answerable.

ACKNOWLEDGEMENTS

<Times New Roman, font size 14>

We would like to express my gratitude towards Guide name for their guidance and constant supervision as well as for providing necessary information regarding the project & also for their support in completing the project.

Our thanks and appreciations to respected HOD, Dy. HOD, for their motivation and support throughout.

We would like to express our gratitude and indebtedness to my supervisors **Guide name, Designation, Dept., Institute** for their valuable guidance, encouragement, continuous inspiration, and valuable suggestions throughout our project work. We are heavily indebted to him/her for imparting his/her priceless and meticulous supervision at each phase of project work whenever needed. He/She inspired us in innumerable ways to accomplishing this project work. Thanks is due to him/her not only for the academic guidance but also for the moral support, consistent kindness and never-ending encouragement given by him/her.

We also express our thanks to all the faculty and staff members of Department of Computer Science & Engineering for their continuous encouragement. Our thanks and appreciations to respected HOD, CSE, Dr. Kumud Saxena for her motivation and support throughout.

We are privileged to fulfill our parents' ambition and greatly indebted to them for providing us moral support and good wishes in the completion of this project work. Finally, we wish to express our gratitude to all those who have directly or indirectly assisted us & whose help and cooperation made this research work accomplished.
